

International Journal of Epidemiology

Official Journal of the International Epidemiological Association

Contents

Editor's choice	1	Fetishes, social determinants and the adipose tissue overflow hypothesis S Ebrahim
Editorial	3	Sex, race and social role—history and the social determinants of health SJ Kunitz
Reprints and Reflections	11	N-acetyltransferase phenotype and risk in urinary bladder cancer: approaches in molecular epidemiology. Preliminary results in Sweden and Denmark GM Lower Jr, T Nilsson, CE Nelson, H Wolf, TE Gamsky and GT Bryan
	18	Commentary: From phenotype, to genotype, to gene–environment interaction and risk for complex diseases K Olden
	20	Commentary: First steps in molecular epidemiology: Lower <i>et al.</i> 1979 P Vineis
	23	Commentary: Reflections on G. M. Lower and colleagues' 1979 study associating slow acetylator phenotype with urinary bladder cancer: meta-analysis, historical refinements of the hypothesis, and lessons learned N Rothman, M Garcia-Closas and DW Hein
Cochrane Column	29	Screening for prostate cancer D Ilic, D O'Connor, S Green and T Wilt
	30	Commentary: Screening for prostate cancer J Donovan and R Martin
	30	Commentary: Screening for prostate cancer CF Heyns
Cohort Profile	32	Cohort profile: the GAZEL Cohort Study M Goldberg, A Leclerc, S Bonenfant, JF Chastang, A Schmaus, N Kaniewski and M Zins
	40	Cohort Profile: The Cambridge City over-75s Cohort (CC75C) J Fleming, E Zhao, DW O'Connor, PA Pollitt, C Brayne and the CC75C study
Photoessay	47	Acts of God D Graham
Special Theme: Socioeconomic Position and Health	50	Socioeconomic differentials in cause-specific mortality among South Korean adolescents H-J Cho, Y-H Khang, S Yang, S Harper and JW Lynch
	58	Self-rated life expectancy and lifetime socio-economic position: cross-sectional analysis of the British household panel survey F Popham and R Mitchell
	66	Socioeconomic position and the risk of gastric and oesophageal cancer in the European Prospective Investigation into Cancer and Nutrition (EPIC-EURGAST) G Nagel, J Linseisen, HC Boshuizen, G Pera, G Del Giudice, GP Westert, H Bas Bueno-de-Mesquita, NE Allen, TJ Key, ME Numans, PHM Peeters, S Sieri, H Siman, G Berglund, G Hallmans, R Stenling, C Martinez, L Arriola, A Barricarte, MD Chirlaque, JR Quiros, P Vineis, G Masala, D Palli, S Panico, R Tumino, S Bingham, H Boeing, MM Bergmann, K Overvad, M-C Boutron-Ruault, F Clavel-Chapelon, A Olsen, A Tjonneland, A Trichopoulou, C Bamia, S Soukara, J-C Sabourin, F Carneiro, N Slimani, M Jenab, T Norat, E Riboli and CA González
	77	Socioeconomic position and twins' health: a life-course analysis of 1266 pairs of middle-aged Danish twins M Osler, M McGue and K Christensen

- 84 Socio-economic position at three points in life in association with type 2 diabetes and impaired glucose tolerance in middle-aged Swedish men and women**
EE Agardh, A Ahlbom, T Andersson, S Efendic, V Grill, J Hallqvist and CG Östenson
- 93 The relationship between parity and overweight varies with household wealth and national development**
SA Kim, KM Yount, U Ramakrishnan and R Martorell
- 102 Commentary: The relationship between parity and overweight—a life course perspective**
G Mishra and D Kuh
-
- Child Health**
- 104 Differential parental weight and height contributions to offspring birthweight and weight gain in infancy**
LJ Griffiths, C Dezateux, TJ Cole and the Millennium Cohort Study Child Health Group
- 108 Commentary: Should I blame mom or dad? Identifying the relative contribution of each parent's body size to that of their offspring**
RC Whitaker
- 110 Vaccination and the risk of childhood acute leukaemia: the ESCALE study (SFCE)**
N Mallol-Mesnard, F Menegaux, A Auvergnon, M-F Auclerc, Y Bertrand, B Nelken, A Robert, G Michel, G Margueritte, Y Perel, F Méchinaud, P Bordigoni, G Leverger, A Baruchel, D Hémon and J Clavel
- 117 Does biofuel smoke contribute to anaemia and stunting in early childhood?**
V Mishra and RD Retherford
- 130 Commentary: Could biomass fuel smoke cause anaemia and stunting in early childhood?**
JM Samet and J Tielsch
- 132 Accuracy of maternal reports of pre-schoolers' weights and heights as estimates of BMI values**
L Dubois and M Girad
-
- Health Program Evaluation**
- 139 Effects of a comprehensive health assessment programme for Australian adults with intellectual disability: a cluster randomized trial**
N Lennox, C Bain, T Rey-Conde, D Purdie, R Bush and N Pandeya
- 147 Commentary: Comprehensive health assessments for adults with intellectual disabilities**
H Ouellette-Kuntz
- 149 Short-run economic effects of the Scottish smoking ban**
J Adda, S Berlinski and S Machin
- 155 Commentary: Assessing the effects of the Scottish Smokefree Law—the placebo effect and the importance of obtaining unbiased data**
SA Glantz
- 157 Differential impacts of health care in Australia: trend analysis of socioeconomic inequalities in avoidable mortality**
RJ Korda, JRG Butler, MS Clements and SJ Kunitz
-
- HIV/AIDS**
- 166 Prospective study of hormonal contraception and women's risk of HIV infection in South Africa**
L Myer, L Denny, TC Wright and L Kuhn
- 175 Commentary: Hormonal contraception and HIV acquisition—current evidence and ongoing research needs**
CS Morrison
- 178 Using case vignettes to measure HIV-related stigma among health professionals in China**
L Li, Z Wu, Y Zhao, C Lin, R Detels and S Wu
- 185 Commentary: Factors affecting HIV/AIDS-related stigma and discrimination by medical professionals**
H Deacon and A Boule
- 187 Effect of education on overall and cause-specific mortality in injecting drug users, according to HIV and introduction of HAART**
I Jarrin, B Lumbreras, I Ferreros, S Pérez-Hoyos, I Hurtado and I Hernández-Aguado
-
- Methodology**
- 195 Bayesian perspectives for epidemiological research. II. Regression analysis**
S Greenland
-
- Psychiatric Epidemiology**
- 203 Suicide rates in rural Tamil Nadu, South India: Verbal autopsy of 39 000 deaths in 1997–98**
V Gajalakshmi and R Peto
- 208 Commentary: Time for a re-assessment of the incidence of intentional and unintentional injury in India and South East Asia**
M Eddleston and F Konradsen
-
- Other Original Papers**
- 212 Cognitive function in childhood and early adulthood and injuries later in life: the Metropolitan 1953 male birth cohort**
M Osler, A-MN Andersen, B Laursen and DA Lawlor
- 220 Why might South Asians be so susceptible to central obesity and its atherogenic consequences? The adipose tissue overflow hypothesis**
AD Sniderman, R Bhopal, D Prabhakaran, N Sarrafzadegan and A Tchernof
- 226 Commentary: Why are South Asians susceptible to central obesity? — the El Niño hypothesis**
JCK Wells
- 228 Grip strength, body composition, and mortality**
CR Gale, CN Martyn, C Cooper and AA Sayer

	236 Evidence for an intensity-dependent interaction of NAT2 acetylation genotype and cigarette smoking in the Spanish Bladder Cancer Study JH Lubin, M Kogevinas, D Silverman, N Malats, M Garcia-Closas, A Tardón, DW Hein, R Garcia-Closas, C Serra, M Dosemeci, A Carrato and N Rothman
Letters to the Editor	242 Improving malaria mortality estimates for rural Africa by adding further studies RP Ndugwa, O Müller, B Kouyaté, H Becher and H Ramroth 243 Improving malaria mortality estimates for rural Africa by adding further studies: Authors reply to Ndugwa <i>et al.</i> AK Rowe, RW Steketee and SY Rowe 244 Survival-related biases survive well R Saracci 246 Early references to the mutational origin of cancer V Wunderlich
Essay Review	248 Did clean water reduce black–white mortality inequalities in the United States? Water, Race, and Disease S Harper
Book Reviews	258 Healthier Societies. From Analysis to Action I Kawachi 259 What works in tackling health inequalities? Pathways, policies and practice through the lifecourse M Whitehead
Miscellaneous	261 Corrigendum: Centrally planned economies, economic slumps and health conditions JA Tapia Granados 262 Bulletin Board
